About me

I am a full stack software engineer who works mainly with React + TS on the front end, and Python on the back end. I am in Esri's Professional Services department, working directly with customers to create products and applications.

Education

University of Missouri - Columbia, MO - *Bachelor of Science, Electrical and Computer Engineering*

Graduated May 2018

Graduated Magna Cum Laude in both Computer and Electrical Engineering. Also received a Minor in Computer Science, a Minor in Mathematics, and a GIS Certificate.

Skills

- Certified ScrumMaster
- Javascript, React, Svelte, Python, C#, Node, Unity, QML

Experience

Esri - Minneapolis, MN - *Senior Software Engineer*

June 2018 - PRESENT

- Primarily using React and Typescript to develop applications, or using Python to develop services and scripts.
- Acting as tech lead on projects with other developers.
- Extending existing applications and creating completely custom applications using various Esri APIs and SDKs.
- Working directly with clients to gather requirements, estimate levels of effort, and architect applications.
- Assisting with interviewing, onboarding, and mentoring new hires.
- Representing Esri and presenting at Esri's Developer Summit Conference, and Esri's User Conference.
